STATUS DEFINITIONS

Not Started – The employee has not touched (extracted) their time sheet. The approver should monitor this status throughout the pay period to ensure all time sheets are started.

In Progress – The time sheet has been started. If the time sheet is in this status when the due date/time has passed, the Submit button will disappear. In the event that the time period to enter time has closed before the employee has submitted a complete timesheet, the Approver will need to Submit and Approve.

Pending – The time sheet has been submitted for approval. If necessary, the employee can get the time sheet back to enter corrections by clicking Return Time. The time sheet will remain in Pending status until the Approver approves it, which will then convert it to an Approved status.

Return for Correction – The time sheet has been returned to the employee for correction. The approver must contact the employee regarding the return of the time sheet.

Approved – The time sheet has been approved by the approver.

Completed – The time sheet has been successfully processed through the payroll cycle.

Error – Occasionally an employee's time sheet will fall into Error status as a result of improper navigation or issues in the Banner database, such as a change in Supervisor. Contact the Payroll Office.
