NUMBER: K/1.2.1

SUBJECT: Cardinal Alert

SOURCE REFERENCE: Gadsden State Community College Safety & Security Handbook

---

## **Cardinal Alert**

Cardinal Alert powered by Schoolcast is an emergency notification service that will allow the College to contact all enrolled students and employees via cell phone, text message, home phone, and e-mail. For follow-up emergency information to the College community, all of the above media to include postings on our website, television, and radio will be utilized. The service will only be used when there is imminent danger to you or a campus; i.e., weather emergencies, tornado warnings, chemical spills, orders to evacuate or shelter in place, and active shooters.
